Dear Mr. Raymond:-

Thanks very much for your letter. I shall wait with the greatest interest the list of the pieces that have been secured for me at the Bement sale. I am glad you have gotten the pieces mentioned in Forrer's telegram. It looks as if I had been obliged to pay the maximum of my bids.

I sent you back the Greek coins in your last invoice, keeping only two pieces for which I sent you my check. There were some very beautiful pieces in the lot, but I denied myself the pleasure of taking them with a good deal of regret.

When the coins from the Bement sale arrive please send them to me at once to the Garrett Building and not to "Evergreen." although while I am laid up I should be glad to have you address any letters to me at the

latter place.

Very sincerely yours.

Dear Mr. Barrett

Your favor rec'd. I imagine it will still be some few days before we have details in regard to Brunt's sale but will forward information as soon as it arrives.

I have just secured four very rare Roman gold coins ie -

- IV Plantilla. Aureus. Cohen 24. Brilliant & perfect <sup>16id. Val. \$180. went for \$240.</sup> \$500.  
IV Diadumenianus. Cohen 22. C. 2. Val. \$240. " " " \$650.  
II Crispus. Small medallion. Type of Cohen 134. Unpublished. Superb \$950.  
Constantine II the Younger. Small medallion. Type of Cohen 139 Vol. VII. pg. 381. Unpublished. Superb. \$750.

Would you care to see any of these?

Mr. Wayte Raymond,  
489 Park Ave.,  
New York, N.Y.

Dear Mr. Raymond:-

In regard to the four Roman gold pieces about which you wrote me on February 6th, the first thing that strikes me is that the prices have gone up to far too great an extent. For instance, the Aureus of Plautilla, Cohen 24, was also in the Vierhordt sale. I bid on it there \$180.00 and it sold for \$240.00. It was in superb condition. A fine Aureus of Diadumenianus, not the same however, as the one you offer, sold in the Vierhordt sale for \$240.00. I do not feel like adding pieces of this sort unless I can get them at very reasonable figures.

Would you mind returning me the receipted bill for my check No. 2582 for \$117.50. I sent you back the other coins in that invoice keeping only the Latium as and the Ariarthes drachm for which the above mentioned check was in payment.

Very truly yours,

Dear Mr. Barrett,

I am sending you the report of the Brument sale just received. The Coins were sent in three registered letters on the 5<sup>th</sup>, 8<sup>th</sup> and 14<sup>th</sup>. The first of these containing the first 12 coins has arrived and I am sending to you by express. I think you will be pleased with the way Mr. Forrer handled your bids, on the two most expensive coins you will note that he saved you Fcs. 10000. Lots marked "Appro" or A you are under no obligation to keep. They were bought by Spink for stock and they have done me the favor to include them on your bill at cost. Where coins sold for a very small advance over your bid they had much higher bids. The other Coins I will

forward as soon as they arrive but it is possible they will be sent direct to Baltimore. I wrote a letter shortly before the sale requesting this in order to save extra expense and risk.

In regard to the two Roman gold coins all I can say is that they sold very cheaply at the Vierordt sale. The Evans Diadumenianus brought over \$500 in 1922. The Pontian d'Anecourt also brought about that many years ago. These two pieces are from the Carus Coll. and were left here by Canessa for me to sell. They want 20000 lire for them. If you take them both will let them go for \$1000. Think I ought to have that much profit.

I have a few new Greek coins and expect my purchases from the Bement sale soon. May I send them for your inspection?

Yours very truly

Dear Mr. Raymond:-

I have received the first package containing the twelve coins from the Biment sale. On the whole I am very well satisfied with them. I shall not make up my mind about the pieces marked "A" until all the coins have arrived. When they have all come shall I send a draft directly to Spink & Sons?

I shall be glad to see your Greek coins, although just at present I am pretty well filled up and shall be for some time with the recent purchases at Loussame.

Dear Mr. Raymond:-

I have received the second batch of twelve coins from the Benet sale. Thank you very much. I agree with you that several of them could be much improved with a little judicious cleaning. In fact the condition of many of them has proved a great disappointment to me. I am particularly disappointed with the Facing Head by Kiron.

Dear Mr. Barrett

I am sending you by express the balance of the Brunt Coins. I am sorry you are disappointed in some of them. This is very apt to be the case in auction sales as the plates give no idea of the surface of a coin. The fact that the Kion tetradrachm is tarnished so badly detracts greatly from it. Think after you get it cleaned it will be more pleasing. Really the greatest bargain in your purchases is the gold stater of Demetrius Poliorcetes. Mr. Brunt paid £500 for this coin.

I am sending in the same package a number of coins recently acquired and hope they may be of interest to you. No's 7, 8, 18 are all of the greatest rarity.

MEMO. for Mr. Garrett:-

Date: March 4, 1924.

Herewith enclosed Alexander Brown & Sons draft on Brown, Shipley & Co., London for L 3576. 13. 3, which is the equivalent of 87,449.45 Swiss francs at 24.45 to the pound. The sterling cost at 4.29½ - \$15,361.77.

Mr. Wayte Raymond,  
489 Park Avenue,  
Baltimore, Md.

Dear Mr. Raymond:-

I have decided to take all the coins that Spink sent on approval with the exception of #494 which I am returning to you. I have deducted the purchase price of that coin plus 15% from the total amount of Spink's bill and enclose you herewith a draft to his order for \$3576.13.3, together with his bill. It is advisable to forward this draft by registered mail requesting return receipt to guard against its falling into the wrong hands, as European banks may pay without requiring identification. I should be glad if you would send the bill to him and obtain his receipt.

I think it would be well for you to tell him at the time of the condition of some of the coins and suggest that it would add to the desire of American purchasers like myself to obtain pieces at sales in Europe when we are precluded from seeing the coins themselves if the catalogues should be made to describe the defects of the coins as well as their merits. The use of the word "superb" is greatly overdone and when you come down to an examination of coins so designated you very often find that that means nothing, or at least that it is far from accurate. It seems to me that bad discoloration should be noted.

One other thing that is particularly noticeable in the Bement catalogue is the fact that the plates having been made from impressions of the coins (as is, indeed, usual I believe) and not directly from the coins themselves, show defects in the edges very indifferently. Indeed, in some cases the edges appear quite perfect when in reality they are not so at all. I am very much pleased with the majority of the pieces, however, and I think that Spink, or rather his man whose name I have forgotten, executed my bids satisfactorily.

I am keeping only four of the pieces you sent me in your last invoice at a total of \$290.00, which with your bill of incidental expense for the Bement sale makes \$299.00. You may deduct this from the \$540.00 that you owe me on account of the sale of my Virginia shilling.

I am very much obliged to you for the help you have given me in regard to the Bement sale and I should be further obliged if you could get for me a price list of it.

P.S. Since getting the draft for Spink I have checked up his bill and it appears that he has made a mistake on page 2 of it of 120 francs. If I am correct in this I owe him 120 francs plus 15%, or 115 francs. If you find that this checks correctly and in order that I may not be put to the bother of cancelling this draft and getting a new one, could you not send him this additional amount and charge it to me in one of your bills.

I am sending you by express  
in two boxes books as per enclosed  
Statement. You will note there are several  
works you were looking for. I have  
sent quite a number of important sale  
catalogues. These are very important  
for reference. Quite a number of Bruns's  
Coins came from these sales.

RARE COINS AND MEDALS

NUMISMATIC BOOKS

April 8, 1924.

Dear Mr. Garrett

I rec'd your message this morning and am sorry about the delay in sending the books. I am rather at the mercy of the Anderson Galleries Shipping department and they have been much rushed. My latest advice is that they will go out to night.

I have had placed in my hands for sale the very rare Washington Confederation Cent Crosby Plate VII. 14. It is in about the same condition as the Ten Eyck Specimen (Newcomer Coll) which sold for \$10.50. To the best of my knowledge there are only 3 known. The price is \$9.00 and I think the owner might be inclined to take a fair part of that amount in some of your duplicate Colonials. This coin is the Appleton specimen mentioned by Crosby.

Yours very truly

Wayte Raymond

If the answer will be from  $\frac{1}{2}$   
to  $\frac{1}{3}$  (or better than  $\frac{1}{3}$ ) is  
exchange for since I am  
delighted, I shall not hesitate  
to make the exchange.

April 11, 1924.

Dear Mr. Barrett

Please accept thanks for check rec'd also coins returned. I am sending you another package of coins and include the Washington Cent. It has some wear but is not a bad piece, I think as fine as the Parmelee, Ten Eyck, Newcomer specimens. It has a good pedigree and is the very piece mentioned by Crosby in Appleton Coll. I have made up a memo of a possible basis of exchange for part payment. I will waive my 10% commission to make it as attractive as possible for you.

The Brunt copper coins were sold separately and I enclose the Turkish section, they are remarkably fine. The large piece is valued at \$75- separately. The lot of Scotch gold I send are rather unusual. With few exceptions Scotch gold is hard to get and rarely fine.

The season. and it includes 3 pieces only.

I send 3 aureii 3, 4, 5 which you have seen  
before. Have reduced the price somewhat.  
They rarely if ever come finer.

Yours very truly  
Wayle Raymond

As to No. 1. David II - the BM.

RARE COINS AND MEDALS

NUMISMATIC BOOKS

April 23, 1924.

Dear Mr. Barrett

Your favor rec'd and please  
accept thanks for same. Receipted bills  
etc. enclosed. The duplicates check up all  
right. I will reduce the Scotch coins  
from \$297.50 to \$260. The David II gold piece  
is a copy and I thought it was so marked,  
the originals are unobtainable

I leave on May 3<sup>rd</sup> for my annual trip  
abroad. I will attend the second part of  
the Brunt sale at Lucerne late in June.  
I will see that a catalogue is sent you  
as soon as possible and also the estimates,  
if you wish me to bid you can then write  
me in Paris

I will attend the Elder sale and look at  
the books you mention. I can supply -  
Elliott - New. 3.50 B. M. China New \$10  
Rutzmann 800. cloth Bayfrei \$5. Did you find  
that you had the Schroder - Aumann?

I am sending you my last package of  
the season and it includes 3 pieces only.

The stater of Cyzicus you saw last October, has since been in my safe deposit box. It is from the collection of the Grand Duke Alexander and I bought it rather especially because you wanted a piece of this period. The type is very rare, unknown to Greenwell. I sold Newell one, <sup>(not same type)</sup> no rarer, for \$1000. The Italian medal, you evinced an interest in, and said you might be tempted by it later. So I am submitting it again. I have not been able to get a letter from the former owner but this is not surprising as he is apt to be any where in the world. I can assure you however that it is absolutely genuine and not a later casting. If you take this medal I will take in part exchange the items marked x on your list of duplicates.

Yours very truly  
Wayte Raymond

P.S. Could not do any better on the Washington cent. Perhaps the above suggested exchange may appeal to you and clear up most of the cheaper coins.

R.

Dear Mr. Barrett

I am enclosing the estimates on the coming Brument sales and hope they may be of service to you. There are Mr. Forrer's estimates and I was able to secure them only as a very special favor as they take into account all his bids to date.

I do not agree with the

will bring a great deal  
more. In fact they brought  
much more in the sales  
from which they came.

Mr  
Dear Raymond:

I received your letter of May 19th yesterday and I hope this reply will reach you in time to be available for the Bement sale. Spinck's suggestions for bids agree very well in most cases with what I had figured on. There are three pieces on which I wish you to bid which I am most particularly anxious to get, numbers 1269, 1790 and 1843. I have therefor divided my bids into three sections and instead of limiting them on which piece, I limit the amount to be spent on each section so that you can make sure of getting the three pieces I most particularly desire without exceeding the total amount that I want to bid. I have also marked some twenty pieces which I want very much and the remaining thirty, I would like if you could get them within the bids for each section. Of course, I don't mean to go without limit even on the three pieces I most desire but as only one of these is excessively rare, I think you ought to be able to get them for me within a reasonable figure. I should like you to be guided by Spinck's figures but, of course, to keep them down as low as you can. I have marked the three pieces I specially want on the list enclosed with two red crosses and the other pieces that I should like very much to have with one red cross. The other pieces may be sacrificed if necessary in order to get those marked by crosses.

June 6, 1924.

Mr. Wayte Raymond, #2

I want you to divide the numbers into three groups so that you can begin each group with enough to make sure of getting the pieces most desired. The first group includes numbers 1084 to 1783; the second group includes numbers 789 to 1821 and the third group includes numbers 1829 to 1886. Whatever you have left over from one group may be spent on the following groups, if necessary. On the first group, my maximum limit is francs 25,000; on the second francs 5000; and on the third francs 15,000; making a total of francs 45,000 for the maximum of all my bids.

I also enclose a list of bids on the Roman coins which I have divided into two groups only the maximum bid spent on the first group is francs 15,000; and on the second group francs 1000. There are no Roman coins that I am marking with two crosses but there are a number that have been marked with one and I have divided them into two groups because I do not want all the money spent on the first group but a part of it preserved for the Byzantine coins in the second group, none of which are of any great value. I hope this will be clear to you and I have every confidence in your executing my bids fairly. I thought it would be best to have the coins kept by Spinck in London

Mr. Wayte Raymond #3

until he receives orders from me as to where to send them. I expect to be in London towards the end of September or early in October and it would suit me very well if he could keep them until then. I should like to have a look at them before paying his bill but if this is not possible he may send me his bill O.K'd by your care of Morgan, Harjes & Co., Paris.

I have not had a chance to go thoroughly over the coins you sent me recently but I shall look at them before I leave and send those that I don't want to Mr. Newell as you request. I will send you a draft for those that I keep as soon as I have selected them. The three last coins on your list were not in either of the packages received and I think you had better get in touch with Spinck about them if they were sent through him. I have not the bill at hand at this moment and cannot give you the numbers but one of them was the Abdera piece and the other two were Greek pieces of minor importance. The Ferrara piece which was last on your list but had no number, arrived safely.

Very truly yours,

Wayte Raymond, Esq.,

Paris, France.

June 17, 1924.

Dear Mr. Raymond,

I am enclosing you herewith my draft to your order for \$595 to pay for the coins that I selected from your last invoice. The other pieces I have sent to Mr. Newell as you requested with the exception of numbers 32, 33 and 41 which as I have already written you, were not in either of the packages received by me.

I hope you have gotten my letter in regard to the Bement sale and that you will be successful in getting the pieces I want. I am sailing July 2nd and shall arrive in Paris on the 8th or 9th. My address there, is care of Morgan, Harjes & Co. and if you are in town I shall be very glad to see you.

Very truly yours,

Wayte Raymond, Esq.,
